## VIDEOLINK NEWTON

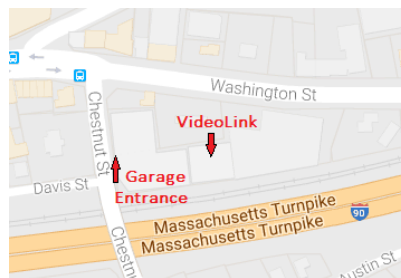

Guests at VideoLink Newton will enter a comfortable environment to relax and prepare before their television appearance. We offer free wifi, cell phone charging docks, computer and printer access, complimentary drinks and snacks for our guests and their party. Our green rooms are quiet spaces where our guests can expect consistent resources and support as they prepare for their television interviews.

VL Newton is located in the heart of West Newton.

Our office is located behind Jacob's Auto and shares a building with The Rockport Group.

There is limited parking in the front of the building and metered parking on the streets in front of our building. We recommend utilizing our private garage located at 10 Chestnut Street.
